FROM THE EDITOR

Welcome to my first edition of the Blower and I hope you enjoy the read. The Blower has developed a proud reputation in the BLCC thanks to the contributions of previous editors and I would like to thank Tony and Kathy Hanrahan for their assistance in transitioning me into my new role.

Over the next few editions I will be looking to expand the contributions to our magazine, both in subject and from more members of the BLCC with a view to adding to the work done by my predecessors. I am looking to grow readership through the inclusion of articles and information of broader interest to BLCC Members and the motoring enthusiast community.

This is the place where we can best present what the BLCC is all about. Encouraging better driving in our youth, encouraging greater interest in motoring in all its forms and encouraging greater integration of the interests of the BLCC with the broader community

If you have something to say, send me your thoughts.

Presidents Report February March 2016

Welcome to 2016 and the Motorsport events and activities ahead of us from various perspectives.

Thank you for your confidence in nominating me to take on the challenge again as President for the coming year - my apologies for not being present at the AGM as a domestic commitment required me to be elsewhere. As I said late last year on presentation night, I'm still learning so bear with me and let me know if we get it wrong at any point - if you don't make a mistake occasionally you are not doing any work.

I would also like to thank all members of the Committee both old and new for taking up the challenge and welcome on board our two newest members to Committee, Toby Ivanovic and Tim Burt – the youth of these members will I hope, among other things, encourage others to follow and hopefully lead to greater things for the future to ensure the ongoing success of our Club. Thank you also to our new volunteers coming on board with the Website and Blower. The success of operations is a team effort.

Foremost in this report I would like to thank, on behalf of the Club, all officials for their contribution to the successful running of the first two rounds of the 2016 State Hillclimb Championships delivered by the BLCC. Special acknowledgement is to be extended to the Fire Rescue Team and others directly involved for the very professional manner in which the incident on the Saturday was dealt with and resolved – thank you. The exercise demonstrated a very high standard of professionalism to be admired by all. Our Club, thanks to the contribution of many members, is a very professional operation which is recognised by many outside officials, other clubs, and competitors alike and such is commented on regularly by many competitors and people that I speak to in my travels.

A review of the minutes and outcome of the AGM, highlights some gaps (vacancies) in the identified roles/jobs within the Club to which I would like to draw all member's attention in the hope and desire that some "new blood" might step up and volunteer to take on those vacant positions to enable our objectives to be achieved more readily - the roles are not difficult and a great deal of support and help will be provided to assist any new person. The required roles cover all aspects of our activities across both dirt and bitumen events without discrimination. Please feel free to speak to either myself or Scott at any time if interested and able to assist. If you feel more comfortable speaking to any other Committee Members to ascertain what work is required in those vacant situations, please do so and I will arrange to get information to you.

I would also like to encourage younger Club members (younger than myself @ 65 that is) to look at their skills and interests in terms of the Club's future, with a view to becoming accredited officials to facilitate their progression into roles such as Clerk of Course, Club Chief, Event Secretaries (paid position for large bitumen event after some training) etc. Don't be scared.

This will lessen the burden placed on the few accredited officials that we currently have – it is regretted that "somebody else" has passed on and it is time for those remaining to step forward (please) and take up some slack. Achievement on recruiting enough new blood last year was a failing I feel on my behalf.

Please remember that we have Esses Descent coming up on 17th April and need bodies/officials to assist – please contact Scott to make his job easier.

The committee is presently looking to update some facilities at the Quarry with a priority being the purchase and installation of a second hand pre-fab building to improve event administration and time keeping out of the weather. Some Club Members have also suggested enhancing the sites capacity to extend competition areas – this too is on the agenda for consideration in a timely manner.

As the Club moves forward we should not lose sight of development of the new "Track at The Mount" and consider its potential for a variety of new opportunities for the Club in the delivery of events. Such a facility will also need some of the new officials we are hoping to attract and develop as mentioned

earlier. Information is sketchy at this point to say the least however, we have to remain aware. We need to be in a strong position with a good relationship with Council and able to strike early.

That's enough from me for now – let's get on with business and pleasure. Any problems suggestions or queries please contact me. We cannot fix something if we are not aware that it is broken or not working.

Mick Tuckey

Scott Sims
ACTING PRESIDENT

Annual Presidents Report – 2016 AGM

Where did the year go – they say time flies when you are having fun.

I would like to commence this report by thanking members of the committee for support and commitment to each other and the club throughout the past year. This cohesive support together with that of all other position holders within the club and the many hard working volunteers we are so lucky to have form the backbone of that which makes this club so great- thank you one and all.

The year overall has been most successful from a financial perspective and the club has attracted many new members- not quite as many Juniors as we might have liked however I am sure this will be worked on as we continue moving forward. Any minor issues presenting throughout the year have been addressed and dealt with in the best interests of the clubs future success.

I hope the events lined up for this year are acceptable to all – as you will be aware we are limited in capacity by virtue of a variety of factors none the least being track access due to the public road status. Have fun and enjoy – that is the primary focus.

The acquisition of the new ablutions block at The Quarry has I believe given us an upper hand in terms of being able to invite other clubs to our venue with capacity to offer resources at the same time benefitting our members which was the primary intent. More improvements are in progress to acquire a demountable building to facilitate administrative work out of the weather with the twofold practical purpose of being able to house the timekeepers. A working bee will be organised to prepare the site for placement- this will be advised as soon as it is practical to do so.

The assistance of Mark Hammond is most appreciated and his generous input is to be commended in carrying out earthworks etc to bring the quarry grounds up to spec.

For those members with older vehicles the club has registered to facilitate the introduction of the new RMS 60 Day Log Book System Trial for interested members- is has been a bit convoluted as I delved through the do's and don'ts of the RMS requirements and put some internal controls in place.

Our primary message to all members participating in the new scheme and/ or the existing one is that it is a requirement to ensure membership dues are paid before 1st of January each year to ensure registration of vehicle is valid- membership forms basis for entitlement to benefit from scheme/s. Further the Historic Vehicle Registrar (David Robinson) needs to be involved in and advised of renewal details(expiry dates etc). Vehicles disposed of or not registered are to have plates returned to RMS and Registrar informed as soon as possible with minimal delay

Further details will be available shortly and will be available on the website- please observe requirements.

To those members taking over the administration of the club in the forthcoming year I wish you well. The club is in good condition now please be responsible and keep it that way - put it back if possible better than it was when you started. I might be there with you - elections are funny things.

Yours in Motor Sport

Mick Tuckey
President 2015

SECRETARY'S REPORT - 2015

My position as Club Secretary for 2015 has been a relatively smooth one, thanks to the ongoing support of Mick Tuckey and the Committee. Any issues that have arisen have been dealt with quickly and professionally by the Committee, and this has made my role a whole lot easier.

This past year has flown by. It seemed to me that the Club events all rolled into one big organisational challenge to the extent that I was never sure which event Scott was chasing officials for. My mantra now is just to go with the flow and it seems to be working quite well. Unless you see behind the scenes you could never imagine the amount of phone calls, emails and meetings that go into bringing events together, and my hat goes off to all those regularly involved, and in particular Scott, who I see regularly tearing his hair out over organisational issues. The test of a strong marriage is to have both partners on the same Committee.

A matter which is close to my BLCC heart is the Quarry, and in particular the motorkhana and khanacross family which get together regularly to partake in our great events. The Quarry is going gang busters, and despite some thoughts that it would never eventuate, the Quarry has made a profit. The juniors who attend these events are a credit to their parents and I feel proud as a Club member to see them mature and develop into wonderful young adults, as well as very competent drivers.

I would like to offer a huge vote of thanks to Phil Burgett who has been my wingman again for 2015. Phil has single handedly taken care of the memberships for the year, and is always willing to help out wherever else he is needed (including sandwich making duties).

Also thanks to Kathy Hanrahan and Christine Wells, who still offer up their help and guidance whenever I call on them.

Donna Sims
BLCC SECRETARY

VOLUNTEERING FOR A DIFFERENCE

By volunteering for Lifeline not only will you be making a difference to the lives of other Australia who use Lifeline services, but you'll also be enriching your own life.

It takes a lot of dedicated people to provide Lifeline's telephone crisis support services 24 hours a day, 365 days a year across Australia. Lifeline relies on over 11,000 Volunteers nationwide to support Lifeline's crisis support line, help raise funds, work in retail outlets, or conduct administrative duties.

Volunteers have enabled Lifeline to provide essential crisis support services to the Australian community for over 50 years.

Can you help us to continue this commitment to the community?

If so please contact Stephanie on 1300 736 258 or email andhinson@lifelinecentralwest.org.au

 Crisis Support Chat
 If life is in danger call 000

Lifeline is an essential charity taking over 1,000,000 incoming calls a year.

For some 56 years Lifeline Central West with strong community support has been addressing the mental health crisis issues in the community through programs including:

- 24/7 telephone crisis support
- Reconnect program which endeavours to double the number of volunteers taking the crisis calls to meet the ever increasing demand
- Face to face problem gambling help and financial counselling through offices in Bathurst, Orange and Dubbo

To fund this growth, Lifeline Central West is increasing its fund raising activities through events such as:

- Lifeline Central West's inaugural event 'Soar, Ride and Shine'
- Book fairs in Bathurst & Orange
- Strong associations with the Black Dog Ride and other community based organisations
- Follow all of Lifeline's events on our website or on Facebook

Lifeline Central West's work is embedded within the communities of the central west of NSW providing a range of services to help those who need it and in many cases those who can least afford it. Lifeline saving some lives but improving many.

GENERAL BUSINESS

State Hill Climb

Scott Sims asked for volunteers to attend a working bee to be held on Saturday prior to Hill Climb, to install the tyre barriers and any other work needing to be carried out.

Day/Night Khanacross

David Catt reported that 8 BLCC members participated in a day/night Khanacross at HDCC

Possible Club Event at Marulan Track

David also reported on a track day event that 4 BLCC members participated in at Marulan Track. He advised that BLCC has been invited to run an event at the Marulan Track. He requested that the Committee consider running such an event. To be referred back to Committee for consideration.

Khanacross Day/Night Event at Quarry

Ron Moore enquired as to the possibility of running a day/night Khanacross at the Quarry. He requested the Committee make enquiries of Bathurst Council as to whether this would be permissible. To be referred back to Committee for consideration.

Use of Vacant Land adjacent to Quarry

Ron Moore asked if the Club had access to the vacant land adjacent to the Quarry. Scott Sims advised that this was available for use by the Club for carparking. Ron requested the Committee consider approaching Council as to the possibility of extending the tracks and forming new tracks on this land. To be referred back to Committee for consideration

Park Parking/Rental Fee for Cars to be left at Quarry

Discussion took place as to the pros and cons of leaving vehicles at the Quarry. There were concerns raised regarding vandalism and insurance risks to the Club. To be referred back to Committee for consideration.

Club volunteers filled all roles for both days of the competition from Clerk of Course to the lunch makers with more than 60 Club Members involved over the weekend and they did an outstanding job.

Competitors came from all over NSW for the event which proved too testing for a number of drivers with a number of wall contacts however no long term injuries resulted.

20TH MARCH KHANACROSS

A cool Autumn day and plenty of entries for the March Khanacross at the Quarry. Four circuits of two very challenging courses tested not only driving skills, but navigation skills and the ability to avoid obstacles. With drivers of all ages and cars that ranged from everyday drives to purpose built rockets, Khanacross certainly is an event for families and enthusiasts alike. If you are looking to get involved in motorsport at the grass roots this is for you and what a great safe and controlled way to teach driving skills to your kids.
